Program Description

The Shining Abilities' Adult Day Program has a vision to provide recreational programming that focuses on helping our participants live a well rounded, fulfilling life. With opportunities for socialization, building life skills, community outings, and vocational training we want all our participants to recognize and see their full potential. While attending our day program, participants will have the opportunity to work towards whole program goals while also focusing on individual achievements. The direction of the day program will continue to change and evolve as the program grows, but the initial focus will remain a priority.

Benefits

The Board of Directors and staff of Shining Abilities know that registering for a day program is a huge commitment for not only the participant but the entire family. We are honored that you are considering Shining Abilities' Adult Day Program as a potential place for your participant to continue to learn, grow, and socialize. It is our mission and vision to provide opportunities for our participants to see their full potential, realize their dreams, while helping build and achieve individual goals, and so much more. We will go beyond the typical recreational day program to work towards independence, job training, and social skills, all while creating whole body wellbeing.

While Shining Abilities' continues to grow it's program offerings, resources, and opportunities for our families, we will keep in mind the financial obligation that comes with participation in the adult day program. Your financial commitment comes with some special perks:

- Priority registration for currently enrolled day program participants for other programs and resources

Application Process

If you are interested in applying to join the Shining Abilities' day program, the following steps must be completed.

- Email Jenny (jsimpson@shiningabilities.org) or Jessy (jfindley@shiningabilities.org) to set-up an intake assessment with yourself and your participant.
- After the intake assessment has been scheduled, you will receive an email with the intake forms that must be completed and emailed back no later than two (2) business days prior to your scheduled assessment.
- At the intake assessment, staff will explain the program in more detail, answer any questions you or your participant may have, and conduct the interview process to determine eligibility.
- If applicable, families can schedule a trial day - a day for the participant to try out the day program to determine whether the program is the right fit. At the staff's discretion, a trial day may be required to help staff determine if eligibility criteria has been met. It is highly recommended that a trial day is scheduled.
- Once staff have reviewed the participant's forms, assessment notes, etc., a decision regarding eligibility will be made. This decision may take up to five (5) business days. Families will be contacted and, if the participant is determined to be eligible, next steps for registration will be outlined. If registering in the middle of a session, actual start date will be determined based on space available, and staffing needs.
- If it is determined a participant does not meet the eligibility criteria, their forms will remain on file. As the program grows and evolves, if eligibility criteria changes, those participants will be contacted to restart the application process.
